Hobby and interest

Race and cruising, sailing, practicing Aikido for better balance and harmony for the body and the mind, walking in the forest and learning about mythology .

Motivation

The strong motivation to send this CV is due to the fact that after a good part of my life kneeling in different sail lofts and America Cup Team where we shared joy and pain during the races, the desire to win is still a goal I live, a last chance not to be missed. At the same time family support completes the realization of being a member of the team.
